My first power bank was a small elongated cube 2600 mAh I bought from CDr-King. It was worth P280.00. What was good about the CDr-King product is that it states its real mAh capacity, what you buy is what you really get. So with the CDr-King you won ' t feel deceived after charging your gadgets. The only thing with the CDr King power bank is

CDR King sells a 4000mAh capacity power bank that never
runs out of charge (as long as there is sunlight) because it
can be recharged itself using its solar panel. It can charge up to
3 devices simultaneously. It is capable of charging a device
via solar even if the powerbank does not have power.
