reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

This book challenges universities to rethink their missions and to re-structure courses, research programs, and campus life in terms of sustainability. The author offers valuable theoretical and practical resources for students, teachers, researchers, and administrators who seek sustainability in higher education. Sustainability is explored as an outcome and a process of learning, and also as a catalyst for educational change and institutional innovation.

The story of Dougal who has a boring day job but has lots of adventures deep sea diving on his holidays. He meets some very unusual characters in his travels under the water and has lots of adventures. Ages 4+.
