If websites are paying for paid space on the search engine results page for a keyword, they're competing with your content for space on Google. You may find that, as you dive into the paid data, the websites purchasing ads are new competitors you weren't aware of before. Those also might be known as, say it with me: your indirect competition.

How To Identify Your Competitors: Your 6-Step Guide ...

You need to know if any new company is starting to sell Hair oil or if any current company might stop selling the same. Furthermore, you also need to know how many of your customers prefer some other product over Hair oil. Thus by doing this you know your direct and indirect competition. This is the first step in competition analysis.

What is Competition in Marketing? -
Definition & Types ...

Monopolistic competition is a market where there are many competitors, but each company sells a slightly different product. A few examples of businesses involved in monopolistic competition are restaurants, retail shops, salons and consumer electronics. Each of these groups of businesses are in competition with one another.
